

Rhodé Van Wyk

Full-Stack & Front-End Web Developer | Multimedia Designer | Tech-Savvy

Full-Stack Development · UI/UX Design · PHP · MySQL · HTML · CSS · JavaScript · Figma · Git · Linux

Pretoria, South Africa | +27 76 851 9561 | vanwykrhode30@gmail.com | [My Portfolio Website](#) | [GitHub](#) | [LinkedIn](#) | [Behance](#)

PROFESSIONAL SUMMARY

Self-taught Full-Stack Developer and UI/UX Designer who built and maintained production software used by hospitality clients across Europe. Delivered a 100% CSAT-rated product, modernized 10+ interface pages, and translated 1,000+ UI strings across three languages. Combines technical problem-solving with design thinking to create user-centered applications.

TECHNICAL SKILLS

- FRONT-END & DESIGN:** HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap, Zurb Foundation, Responsive/Mobile-First Design, Cross-Browser Compatibility, Web Performance Optimization, Figma (Auto Layout, Design Tokens), UI/UX Design, Wireframing & Prototyping.
- BACK-END & DATABASES:** PHP, MySQL, LAMP Stack, RESTful API Integration, Database Design & Management (MySQL Workbench, phpMyAdmin, DBeaver), Server-Side Scripting.
- TOOLS & WORKFLOW:** Git, GitHub, GitLab, Netlify, Docker, XAMPP, Bash/Shell Scripting, Notion, Miro, Google Workspace, Windows, Linux (Ubuntu/Kubuntu).
- FAMILIAR WITH (Exploring / Learning):** React, Laravel, Webflow, Postman (API).

PROFESSIONAL EXPERIENCE

Junior Full-Stack Web Developer & UI/UX Designer

 ZimmerSoftware KG | Vienna, Austria (Remote) | June 2025 – January 2026

- Developed responsive front-end interfaces and robust back-end features (PHP/MySQL) within a Linux (Kubuntu) environment, directly contributing to a product that maintained a 100% customer satisfaction (CSAT) rate.
- Refactored legacy CSS and utilized browser DevTools to resolve complex layout issues, significantly improving cross-browser rendering consistency and front-end maintainability.
- Designed and modernized 10+ pages for a hotel Property Management System (PMS) and spearheaded the C25 interface overhaul, dramatically improving overall usability and visual cohesion.
- Translated over 1,000 UI strings and technical documentation across English, Afrikaans, and German, enhancing product accessibility for a multilingual European user base.
- Produced developer-ready Figma designs using Auto Layout, reusable components, and design tokens, bridging the gap between design and efficient implementation. (Link: Redesigned Landing Page in Figma)
- Managed Git branching, conducted smoke testing pre-release, and led customer onboarding sessions to ensure smooth product implementation.
- Coordinated cross-team workflows and delivered weekly progress reports directly to the company director in a fully remote, agile environment.

SELECTED PROJECTS

Gooob – A Budget Monster | In Progress (GITHUB REPO)

Tech: HTML5, CSS3, JavaScript, Git, Pixelorama, PHP, MySQL

- An interactive budgeting tool that gamifies personal finance through a monster-themed UI. Currently building out CRUD functionality and dynamic data visualization.

Developer Portfolio Website | 2026 (LIVE DEMO)

Tech: HTML5, CSS3, Netlify, Figma, Git

- Designed and deployed a fully responsive portfolio site to showcase my development work.

A Simple Calendar App | 2026 (GITHUB REPO)

Tech: PHP, MySQL, HTML5, CSS3 (Tailwind CSS 4 + daisyUI 5), JavaScript & Git

- A full-stack event management application built to deeply understand CRUD operations, database relationships, and asynchronous client-server communication.

EDUCATION & CERTIFICATIONS

freeCodeCamp JavaScript Certification

In Progress (Expected: Q4 2026)

- Core JavaScript concepts: ES6+, data structures, algorithms, and functional programming.

Codecademy UX Designer Career Path

Completed April 2026

- User Research, Wireframing, Prototyping, Usability Testing, Figma, Information Architecture, Design Thinking

IEB National Senior Certificate

Completed December 2024

- Mathematics, Business Studies, Computer Applications Technology (CAT), English, Afrikaans, Hospitality Studies

CREATIVE & COLLABORATIVE PROJECTS (LINKS/EXAMPLES AVAILABLE UPON REQUEST)

Short Film Post-Production – Inter-School Film Competitions

Collaborative Project | Grade 10 & Grade 11 | 2022 – 2023

- Co-produced and edited two award-winning short films. Managed the complete post-production pipeline using DaVinci Resolve and CapCut.

Traditional Visual Art – Ongoing Personal Practice

Self-Directed | Multiple Completed Pieces

- Produced multiple original artworks across paint, pen, and pencil. Developed a strong foundation in composition, color theory, and shading that directly enhances my digital and UI/UX design work.

LANGUAGES

- English – Native
- Afrikaans – Native
